With this map, your dream is to visit a park full of dinosaurs here. You will be immersed in how beautiful and how big the card is. Download the map from the link below and discover the map itself. Screenshots: Map Review: Notes: Don't Cheat. You must set Liver remotely to 12 or upper. How to install: Download the map from the link below. Extract the file you just downloaded. Hold down Windows key, and then press R key on the keyboard (or you can start clicking, then type Run in search, then click Run) Type %appdata% in the Run program, and then press Enter. Open .minecraft folder, and then open Save Folder. Drag extract card folder you did in step 2 in storage directory. Starting Minecraft, the map is in Singleplay mode. Enjoy and play! (Yes!) Or create a park full of awesome dinosaur exhibitions — like the T. Rex or Velociraptor? (Definitely, yes!) Well today is your happy day (just 65 million years in the making)... welcome to Jurassic World! The Jurassic World DLC for Minecraft introduces a special kind of luxury resort: one that features some of your favorite dinosaurs from the films. And you're the Park Manager! Not only can you craft and train dinosaurs, build exhibitions and solve problems, but you can also go on expeditions to discover dinosaur DNA! Use vehicles and your team of NPCs to fix disasters and earn a high score! And if you think it sounds great, just wait until you see it in action: Become the best Jurassic World Park manager and see how long you can keep the Park open! With 21 sheets and over 60 dinosaurs (including hybrids!), it's bound to be a lot of fun. To help you blend in These incredible creatures, we are also releasing a free character character item: the rare Blue Hoodie! Make gear up and watch the Jurassic World DLC on Minecraft Marketplace!
